Forecast for Thursday 30 Jun 2022

Weather: Dry in the early hours but becoming cloudy, with some heavy rain developing around dawn, a low risk of thunder. A wet start to the day but the rain easing by mid morning then brightening in afternoon with sunny intervals and one or two passing sharp showers. Becoming dry with clearing skies in the evening.

Chance of cloud-free hill tops above 700m: 20% in morning rising 90% in afternoon.

Low cloud and visibility: Cloud descending to 400-700m in morning rain bringing very poor visibility to the tops and occasionally poor visibility due to rain below the cloud, then becoming mainly good in afternoon as cloud lifts above the tops and breaks. Brief visibility reductions as further showers pass.
